

How to use

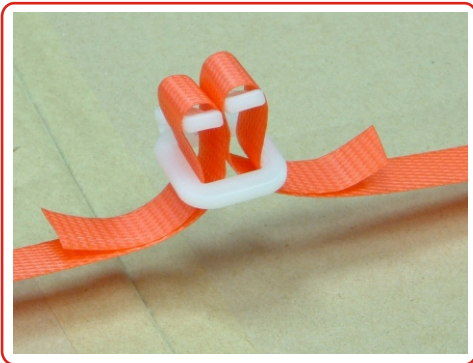

PP BUCKLE FOR MANUAL STRAPPING

INSTRUCTION

STEP 1

Slide top of the loop up through the opening in the bottom of the buckle. Bend a buckle leg down into the loop.

STEP 2

Slide top of the loop wrap over the buckle leg through the opening in the bottom of the buckle.

STEP 3

Pull both long end tightly of the strapping again to eliminate all slack.

STEP 4

Cut the excess plastic strapping. Apply 2nd or more straps if needed.
